

## PRESTIGE - EXPERIENCE - POTENTIAL - REGOGNIZED BRAND

Pozna University of Life Sciences takes a leading position in rankings of universities of life sciences and agricultural education in Poland.

Its beginnings date back to the year 1870 and up until today we considerably contribute to the development of the Wielkopolska region and Poland.

At present we have almost 11 000 students and over 800 academic teachers, including 176 professors.

We provide education within a 3-level system offering various bachelor, master's, as well as PhD programs.

Our eight Faculties offer a wide scope of education within 30 fields of study and over 20 specialties taught in Polish language.

Our university is called a 'green' university', close to nature, ecology and environmental management.

A comprehensive approach to education is reflected in our care for a high level of specialization in scientific disciplines.

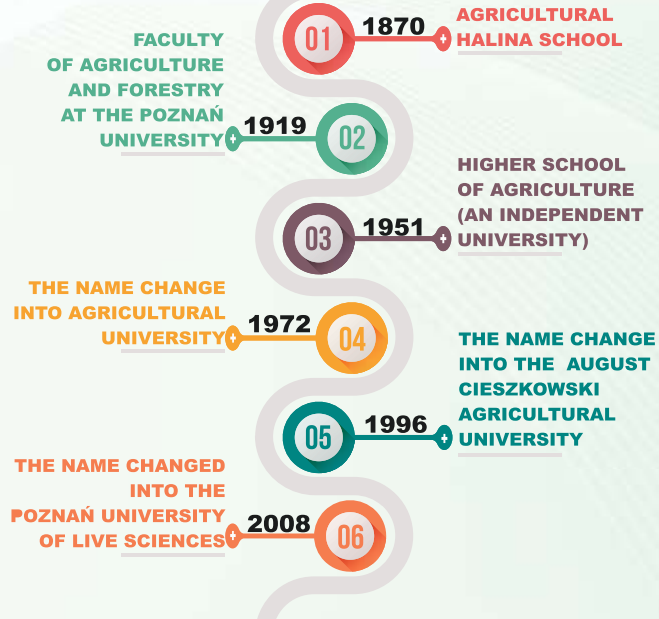

Diverse and modern infrastructure in the form of lecture halls, laboratories and workrooms is used for teaching as well as scientific and research purposes.

We offer an excellent experimental and research base in the form of 12 experimental agricultural farms and forestry stations.

These facilities offer a platform for research, teaching and practice to meet and cooperate.

Our students have myriad opportunities to get involved with various scientific as well as cultural, touristic and sport organizations. They have various options to develop professional skills that contribute to their future career as well as developing themselves personally. PULS is a multidisciplinary public research university actively engaged in a wide range of international activities and intends to enhance its involvement in coming years. PULS internationalization strategy aims to develop, stimulate and promote new cooperation pathways and sustainable networks with other universities and research institutions worldwide.

## HISTORY

## FACULTIES

AGRONOMY AND BIOENGINEERING  
FORESTRY  
VETERINARY MEDICINE AND ANIMAL SCIENCE  
WOOD TECHNOLOGY  
HORTICULTURE AND LANDSCAPE ARCHITECTURE  
FOOD SCIENCE AND NUTRITION  
ENVIRONMENTAL ENGINEERING AND SPATIAL MANAGEMENT  
ECONOMICS AND SOCIAL SCIENCES

## STUDY IN ENGLISH

We offer 8 full time MSc courses in English,

**3 semesters**

- MSc in Agronomy
- MSc in Animal Science, specialization in Animal Production Management
- MSc in Environmental Engineering and Protection
- MSc in Food Science and Nutrition
- MSc in Forestry
- MSc in Horticulture, specialty in Plant Breeding, Seed Science and Technology
- Wood Science

**4 semesters**

- MSc in Economy, specialization in Agribusiness

## PHD STUDIES

Since 2013 PULS offers the PhD program in English and the scientific degree of PhD can be received in:

- agricultural sciences (disciplines: agronomy, agricultural engineering, biotechnology, environmental protection and management, animal science, horticulture, food technology and nutrition);
- forestry sciences (disciplines: forestry, wood science);
- biological sciences (discipline: biology).

## COURSES OFFER

### Faculty of Agronomy and Bioengineering

- Environmental techniques
- Biofuels and bioenergy
- Plant breeding
- Biology of reproduction

### Faculty of Forestry

- Sylviculture
- Forest protection
- Forest management planning
- Elements of multifunctional forest management

### Faculty of Veterinary Medicine and Animal Science

- Animal breeding and genetics
- Animal nutrition

### Faculty of Wood Technology

- Technology of wooden products
- Computer aided design and manufacturing
- Pulp and paper technology

### Faculty of Horticulture and Landscape Architecture

- Sustainable horticulture, seed biology and pathology
- Seed management
- Plant reproduction

### Faculty of Food Science and Nutrition

- Food technology
- Food characteristics
- Human nutrition and dietetics
- Food analysis

### Faculty of Environmental Engineering and Spatial Management

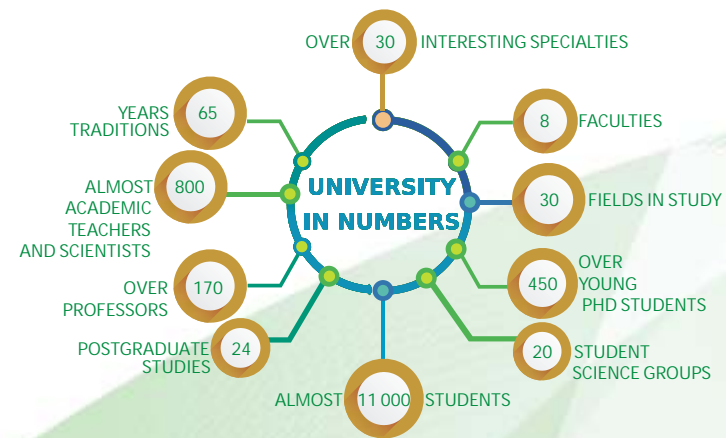

- Water protection and engineering
- Aquatic ecosystems and environmental assessment
- Rural environment
- Pro-ecological trends in environmental and civil engineering

### Faculty of Economics and Social Sciences

- Agritourism
- Trends in the enterprise management
- Agribusiness
- Consumer science
